Attention: [REDACTED]

Gentlemen:

Enclosed in triplicate is Amendment No. 2 to Contract No. OS-100. This amendment has been issued to incorporate your proposed man month rates on a provisional basis for payment purposes beginning as of 1 January 1958. As soon as audit and negotiations have been completed the contract will be amended to include, if feasible, fixed man month rates.

We have not included the period 1 July 1958 through 15 November 1958 in this amendment as this period and funds for same are contingent upon availability of 1959 Fiscal Year Funds.

Your request to incorporate a new clause in the Price Redetermination article has been noted. We feel that this clause should provide that in the event more or less than the anticipated 430 man months are furnished that the monthly rates should be considered for adjustment.

The decrease of \$2.23 in the overseas differential results from the extension and applicable G & A for [REDACTED] for the period 7-1-56 to 8-7-56.

As agreed upon with your [REDACTED] you will run from your Oxalid velum another copy of the proposed Appendix IV now called Appendix III and attach same to your copy of this amendment. The same is true of Exhibit "B" the new agreement of Employment.

Very truly yours,

[REDACTED]
